

SEASON'S GREETINGS NEWSLETTER: DECEMBER 2019

As the year comes to a close, we would like to take the opportunity to greet all our colleagues and friends and wish you a happy holiday season.

2019 has been very exciting for the ST Foundation. We were able to reach over 100,000 students along the year which brings us to more than 700,000 beneficiaries trained since the inception of our journey.

2019 was also the year in which we decided to review our mission, vision, values statements, educational offers, extending the scope of our action towards needy populations, also in developed countries, including Europe.

With the energy and passion that have always characterized the ST Foundation staff, we are all ready to achieve new challenging goals increasing our footprint across the world.

We are eagerly looking forward to next year where we will be launching new activities and initiatives and for sure where we will have you by our side!

Patrice Chastagner, President of the Foundation, is more than keen to share with you in this very special moment of the year, his personal wishes and reflections.

It is in this spirit that we all wish you Happy Holidays and Happy New Year.
